

March 12, 2020
16 Adar 5780

Dear Parents,

In this time of significant concern, the health and safety of our Yachad community remains our highest priority. We have monitored the public health situation related to COVID-19 and are following the recommendations of the Health Department. Where prudent, we have decided to go above and beyond to ensure the health of our community.

This week, that means we are adjusting the way we provide our education and programming to our Yachad families.

This coming Sunday, March 15 2020, we are cancelling Yachad. We are using the time to move to a number of different online services that will differ depending on year group and developmental ability of our students. We aim to have classes up and running as soon as possible.

You will receive an email this coming week that will give you instructions on how to use whichever platform is chosen for your child/children's grade level.

Please feel free to reach out with any questions or concerns that you may have. Thank you for your patience as we move to an online model for the safety of all concerned.

Wishing us all blessings, strength, wisdom, collaboration and most of all, health.
