

Yachad has gone online!!

I am proud to share that all Yachad classes have gone online. The teachers worked incredibly hard to ensure that our students still have continuity in their Jewish learning and a sense of community! It was so wonderful to see the students happiness as they "visited" each other on-screen through their zoom classes.

Amongst the technology we have been using is Zoom, Padlet, Seesaw, AnswerGarden and Google Classroom.

Additionally, our Yachad congregations of Temple Emanu-El and Beth Shalom joined together with Adat Shalom in creating the most amazing Google classroom full of activities that our children can do at their own convenience.

Pesach is nearly here and as I write, we don't really know what that is going to look like this year. However, the uncertainty that the Children of Israel felt leaving Egypt is easier for us to imagine now. This year we really can appreciate feeling as if we ourselves were slaves.

Please feel free to follow Yachad's Facebook page as it is continually updated with concerts, songs, stories and more.
